## Record Tourist Crowd Reported Here in March

More tourists were here during March of 1956 than in the same month in previous years, according to Police Chief August G. Kettmann, judging from reports of his department.

This statement was contained in the monthly report issued to City Manager R. W. Peterson.

Kettmann said that the month wound up in an influx of teenagers, which kept the department busy responding to complaints of noise, disturbance of the peace and controversy between guests and hotel owners who found it difficult to integrate their youthful guests with the older patrons.

"There were no serious injuries, unusual criminal activity or other outbreaks excepting that frayed nerves were very much in evidence, some of which were due to traffic," Kettmann said. "The regular police and Police Reserves worked a total of 500 hours overtime during the 10-day period."

**DEALING WITH** specific offenses during the month, the police chief reported:

Burglary complaints dropped from 11 in 1955 to 7 in 1956, with five of the latter cleared by arrest.

Increases were noted in nearly all other categories. Traffic accidents rose from 20 to 21; of these eight included injury as against four in 1954 but none were of a serious nature.

Traffic citations tripled from 124 to 400; a total of 53 citations in excess of those normally issued being given out during Easter week in an effort to hold down speeding and prevent excessive noise.

**THEFTS IN EXCESS** of \$50 rose from 7 to 15, and thefts less than \$50 jumped from 25 to 43. Of the latter, nine were cleared by arrest. Five cars were reported stolen, and two of these cases were cleared by arrest.

A heavy increase in drunk arrests was noted, from 16 in 1955 to 39 in 1956.

There was one robbery, and one aggravated assault. Two arrests were made for embezzlement and fraud, and one for sex offense, two for disorderly conduct, six for vagrancy, two for driving while intoxicated.

## Savings Bond Birthday May 1

Tom M. Holland, chairman of the Palm Springs area Savings Bond committee, said today that the 15th anniversary of the Series E Savings Bond will be observed on May 1.

In making the announcement, Holland said: "Many of these E Bonds purchased through the war years are now sending our children through college—making down payments on our dream homes—or providing additional income for those in retirement. At the time we bought them, we probably felt we were helping to win the war through our bond purchases. Now we realize that we ourselves are the real beneficiaries."

### Deeded to Tribesmen

Melville and Bathurst Islands, off the north coast of Australia, have been deeded in perpetuity to the aboriginal Tiwi tribesmen. The Tiwi, reports the leader of a National Geographic Society expedition, are one of the most primitive peoples left on earth. They have no agriculture, no pottery, and no domestic animals except the dog. Their weapons are spears and sticks, and until recently they had no tools except the crudest of stone axes.

## College Group to Hold Second Retreat Here

Several hundred alumni, 350 parents and 129 trustees and affiliates have been invited to attend the second leadership retreat of Claremont Men's College to be held Saturday, April 21, in Palm Springs.

Key chairman in charge of the day-long event whose theme is "Social Responsibilities of Business Leadership" include LeRoy Craton, '49, Whittier; William Cronin, '48, South Pasadena; Richard Grantham, '50, Whittier; Thornton Hamlin, '50, San Gabriel; Floyd Hill, '50, Whittier; Don Phillips, '48, Claremont; Leslie Reynolds, '49, Van Nuys; Morris Slack, '48, Fullerton; Richard L. Smith, '51, San Gabriel; Robert Treacy, '51, Palm Springs; Pete Welsh, '50, Claremont; Austin Woodward, '49, Redondo Beach.

The National Council of Claremont Men's College Alumni Association has named Garner A. Beckett, Los Angeles industrialist, and Dr. Theodore M. Greene, professor of humanities at Scripps College, main speakers of the day.

Following the lead talks, participants will gather in small discussion groups to consider the problems businessmen encounter in accepting appointive or elective positions in government, advantages of employees in small business and in large corporations, business ethics, and how the college curriculum can serve these matters.

Festivities accompanying the get-together in the desert sunshine include a buffet luncheon, a recreation hour from 4:30 to 5:30 p.m., and a chuck wagon dinner at 6:30 p.m. A caravan of buses from Claremont will provide roundtrip transportation for the gathering.

## Cancer Death Rate Drops for Women

A declining death rate for cancer in women provides inspiration to American Cancer Society volunteers who are currently campaigning to reach a \$8,000 goal here.

Mrs. Margaret Manasse, co-chairman of the Society's Palm Springs Branch, said today.

Mrs. Manasse pointed out that in a 16-year period from 1936 to 1952, the latest year for which Bureau of Census vital statistics reports are available, the cancer death rate among women has dropped by seven percent.

In 1936 the overall cancer death rate for women was 127.5 per 100,000 population; in 1945 it was 123.0; and in 1952 it was 118.9.

One reason for improvement in the cancer death rate among women is the fact that many forms of cancer are more easily accessible in women than in men.

"However, the fact that women tend to pay greater heed than men to warnings about their health also could be a factor," Mrs. Manasse declared.

## 3 More Groups Protest Closing of Indio Office

**INDIO.**—Three letters were received by County Supervisors from Coachella Valley organizations this week adding their protests to that made known to the supervisors last week by the Indio Chamber of Commerce, against the proposed closing on June 30 of the branch office of the county assessor in Indio.

"This appears to be the most shortsighted step taken in this county in many years," declared D. S. Connelly, secretary, in a letter from the Rotary Club of Indio.

Said Gifford Price, chairman of the Coachella Valley Farm Center, "All of the effort and expense which has gone into setting up duplicate records for a branch office would be wasted. The inconvenience to the people of our valley in having to deal on local tax matters with the office in Riverside is a burden we wish to avoid."

"We vigorously protest the contemplated closing of the branch assessor's office and depriving the citizens of this district of this much needed service," declared the Coachella Valley Advisory Planning Committee.

## Japanese Visitor Says Country Favors U.S. Over Communism

With very few exceptions, the only group of Japanese people who embrace Communism are lower class workers and farmers, Ichia Kumagae, head of a Tokyo construction firm, said while visiting here this week.

There is no feeling of tension in Japan as a result of presence of the Communist party, Kumagae asserted in an interview with The Desert Sun. The countries which are Communistic politically and ideologically apparently are neither well thought of nor feared.

The visitor, making his fourth trip to this country since he spent two years in New York City in 1919-21 with the Mitsubishi Bank branch and played on the Japanese Davis Cup tennis team, said there is no "familiarity" with China, Russia or India, though Japan will host an Indian team of tennis players next month in the challenge round of the Davis Cup competition.

HE SAID THERE was a great "familiarity" between the Japanese people and Americans there. Though there is no U. S. Army of Occupation now, there are many service-connected Americans, Army and Air Force, in Japan and Korea, because of their defensive relation to China and Russia, geographically.

Kumagae has been in Palm Springs 10 days, and expects to spend another 10 days before flying back. He came to see Manfred Goldman, of 2965 Puerta Del Sol, with whom he played tennis on his first visit to the states nearly 40 years ago.

Now 65, Kumagae was then an enthusiastic player, and considered formidable competition on an international level. When Japan first entered Davis Cup competition in 1921, he was their playing captain. They have yet to win the cup, though they have reached the challenge, or semi-final rounds, several times. The Japanese were barred from tennis from the start of World War II, and were allowed to enter again in 1951. At that time they reached the challenge round, and played in this country, Kumagae with the team

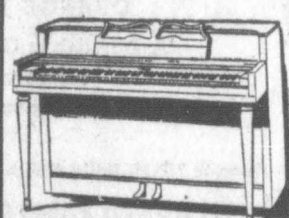

as a non-playing captain.

HE HAS BEEN IN most of the large cities in the country. His only son studied at Westinghouse after the war, and now has returned to his home country and an engineering job with a Japanese airline.

This visit is his first to Palm Springs. He has played tennis here, and talked with many persons interested in the present Sino-American relations. One of his lunch partners at the Racquet Club yesterday was Georges G. Stoicesco, former Roumanian ambassador to Japan.

They discussed the comparative differences between Japan of the 1930's and 1950's. Stoicesco lived there from 1929 till 1939. The former ambassador has become a U.S. citizen, and has seen neither Japan nor Roumania for many years.

Kumagae will return to referee the Davis Cup preliminaries to be held May 18-20 in Tokyo. He expressed the feeling of the post-war Japanese when he said he wished the Americans hadn't lost the cup to Australia last year, since there is much more "familiarity" between the U.S. and Japan than between the Australians and Japanese.

## Dr. Irma Glen's Subject to be 'A House Undivided'

In the Church of Religious Science Sunday morning service in the El Paseo Theater, April 15, Dr. Glen will speak on "A House Undivided."

This address will present a set of "blue prints" for living—and will show how to let go of out-moded methods in conduct. Spiritual Meditation with Dr. Glen at the organ, will start at 10:45 a.m., with church services following.

On Thursday, April 19, at mid-week services, Dr. Glen's subject will be "How to Release Resentment"—and will show how prevention rather than a cure is better and easier. Dr. Glen will tell how resentment causes mental confusion and mental illness, and how to rid oneself of this resentment.

At this meeting Carolyn Henry, 12-year-old girl who has been studying under Maestro Grossi, former assistant conductor of the New York Symphony, who predicts a bright future for her, will sing "Caro Mio Ben," her first number in Italian.

The Thursday evening service of the Church of Religious Science, of which Dr. Ernest Holmes is the founder, will be in the Palm Springs Women's Clubhouse at 8 p.m.

## Dr. Edwin Dingle to Speak Sunday

Dr. Edwin J. Dingle, founder of the Science of Mentalphysics, will speak at 10 a.m. Sunday, at the Caravanary of Joy at the New City of Mentalphysics, on the Twentynine Palms highway. His subject will be "The Wise Man's Only Jewel."

This service marks the half-way point of the 27th Students' convention of the First Church of Mystic Christianity, (International Church of the Holy Trinity).

A large building program is currently under way at the wide city site between Yucca Village and Joshua Tree.

Plans call for many duplex and triplex cottages in brick and stone, a large modern cafeteria capable of seating some 300 people, and an outdoor amphitheater, all of which will be built this year. Immediately thereafter, building of the new Preceptory of Light—a teaching center—is to begin. The whole project will be concluded about a year from now.

Dr. Dingle is to conduct five Students' conventions between now and next October.

### Not His Day

POTSDAM, N. Y. — Police Officer John Faubert went to a hospital for treatment of a head cut he suffered when he slipped and fell while washing a police car. Only three hours later the bandaged policeman had to return to the hospital for treatment of a dog bite suffered in the line of duty.

### How to Find Harmony

I recently read a statement by Dr. Clarence Cook Little, director of the Roscoe B. Jackson Memorial Cancer Research Laboratory at Bar Harbor, Maine. Dr. Little is one of the great scientists in this field.

"A person who is unhappy," he is reported to have said, "is more likely to develop cancer than one who is leading a happy, satisfactory life. Internal balance is health and internal unbalance is sickness. These bodily functions are controlled by glands that are influenced by mental health."

Now, I am not a doctor, and I cannot assure you that this is true. But I am willing to accept Dr. Little as an authority on this subject—and I do know, from my own experience and that of many others that one of the surest ways to make yourself sick is to get your mind bogged down with unhappy thoughts.

Happiness and joy are synonyms for harmony, and harmony is one of the greatest forces in the world in developing a state of well-being. When a person is in harmony with himself, his whole being functions without inner conflict. When he is in harmony with the universe, he is healthy, dynamic and powerful. When he is out of harmony with himself and the world about him, he tends to fall prey to disease, unhappiness and his energy declines.

Once when addressing a group of machinery manufacturers, I developed this idea of personal well-being and efficiency through harmony. After the meeting, one of the members came to me and said that my statement was particularly appropriate for that group, because when you make a machine, "The objective is to make it so that it will sing as it works." For, when it sings, he explained, it is functioning with harmony in all its components parts. A machine does not function properly or efficiently unless the stresses or frictions in it are reduced to a minimum. "Listen to a machine that is perfectly made," the manufacturer told me, and one in which the stresses have been reduced, and you will hear it sing in harmony."

Men who work with machinery know that this is true. I became conscious of it just the other day, flying in an airplane through some bad weather. The fog was so thick you couldn't see at all. I got to listening to the great motors. They sounded as though they were working together in perfect harmony and I became aware that they were literally singing with joy because their stresses had been reduced and they were powerfully and efficiently performing.

If machines are capable of this harmony, why not human beings? To live with harmony, one must learn to practice joy and happiness. This is one great thing that the practice of religion does for you. It releases you from your fears and conflicts and therefore fills you with joy. Turn to the Bible, to John 13:17. "If ye know these things, happy are ye if ye do them." Read the Bible and find out what "these things" are that the verse mentions. You know what they are: love, service and genuine goodness. Then practice

joyful thinking every minute of your day. Keep it up until you become expert at it.

This will help reduce your stresses by freeing you from fear, from hate and from evil thoughts. The daily reading of the Bible will give you an ample store of courage, love and noble thoughts. Substitute these for the unhappy thoughts that create stress. This can be done with practice. It isn't easy to change old thought patterns, but it can be done, and it is most important if you want to live well.

Your final step in finding harmony is in synchronizing and identifying your personality with God, who is the source of all inner and outer harmony in the universe. Get God's harmony in you, and forever after you will live in harmony within yourself and with other people.

## Atonement Seen as 'At-One-Ment' in Lesson-Sermon

Atonement is seen as bringing out at-one-ment with God in the Lesson-Sermon "Doctrine of Atonement" read in Christian Science churches Sunday.

The Golden Text for the service is, "God sent not his Son into the world to condemn the world; but that the world through him might be saved." (John 3:17).

A passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, carries forth the central theme, "Every pang of repentance and suffering, every effort for reform, every good thought and deed, will help us to understand Jesus' atonement for sin and aid its efficacy; but if the sinner continues to pray and repent, sin and be sorry, he has little part in the atonement—in the at-one-ment with God—for he lacks the practical repentance, which reforms the heart and enables man to do the will of wisdom." (p. 19).

The Apostle Peter emphasizes this thought in a Bible passage where he admonishes that we be "born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth for ever." (1 Peter 1:23).

## New Sermon Series Set to Start Sunday

"Life with the Good Shepherd" begins a series of sermons on the Christian life, Pastor Leroy Hass of Our Savior's Lutheran Church announced today.

Although the great hope and goal of all Christians is life with Christ in heaven forever, their life with Him while on the way to that goal is very important. The story of Christ as the Good Shepherd in John 10 emphasizes some very important aspects of this life. John 10:11-16 is the sermon text for Sunday.

The service is conducted at the American Legion hall.

A Sunday School for children of all ages is conducted every Sunday morning at 9:15 a.m. An Adult Bible Class is conducted while the Sunday School is in session.

# Around Town

Next week is Desert Circus Week . . . and it's the week for western wear . . . The more Villagers in costume . . . the more fun we will have . . . Let the Palm Springs hats blossom forth . . . and go as western as you can . . . for this is a "let-down-your-hair" week, planned for fun . . . Parade costumes this year are going to be regal . . . A visit to Marge Riley yesterday gave me a preview of some of them . . . Queen Anita Ekberg, who would be exciting even in jeans . . . will be wearing a dream outfit of pink and turquoise . . . Her pink satin shirt is trimmed in a rhinestoned sunburst and bands of silver . . . and the fringed frontier pants are of turquoise kid . . . A pink hat and turquoise boots complete the costume that the Queen will wear as she rides in the parade down Palm Canyon Drive . . .

The men too are going in for glamor this year . . . Ray Ryan's Desert Circus outfit is trimmed in carved leather and miniature war bonnets . . . with real feathers . . . Millie and Eddie Houghton have new pink "Mr. and Mrs." outfits . . . and Bernie and Ernie Young have exciting new frontier suits . . . Marge's shop and back rooms are blooming like flower gardens . . . with Palm Springs hats be-ribboned and flowered . . . This promises to be one of the most colorful and gala of the Desert Circus Weeks . . . with the parade sheer pageantry . . . Get into the act . . . Go Western . . .

Mrs. C. F. Blue of Pittsburgh, who occupies her Palm Springs house on West Tahquitz each winter . . . will leave unusually early this year . . . as she is planning to spend the Summer abroad . . . She will sail in mid-May, accompanied by her sister Miss Marguerite Stroh of Grosse Pointe, Michigan . . .

At the Ball I was still in the minority . . . as only about one-tenth of the crowd were costumed . . . Enjoyed sitting with the Charles Irwins (the wearing an authentic Scotch costume and meeting their guest Mrs. Ray Gould . . . The Goulds (he is the Long Beach Chrysler dealer) own the circular house at Patencio Lane and Linda Vista Drive . . . which I have been wanting to see . . . The rooms are shaped like wedges of pie, joined in the center . . . and arranging furniture must be an interesting problem . . .

Also met two of Zaddie Bunker's guests, the Leo Blums (you candy-lovers must recognize this name) who are new Villagers . . . with a house at 1324 South Calle Marcus . . . Interesting to note that Mrs. Blum's first name is Melba . . . an unusual name and one well-loved in Palm Springs . . . The Blums have had as their houseguests the Irving Kerns of Long Beach (Industrial Uniform Supply) . . . and the Kerns liked it here so well that they went out and bought a house on Sagebrush . . .

The Harold Coopers, whose home is in Santa Monica Canyon, are staying in their trailer at Blue Skies this season . . . but have bought a lot in Thunderbird Estates . . . with plans to build . . .

Weekending at the Racquet Club are the Mark Stevens and the Leiland Haywards . . .

Joyce and Noel Clarke have sent out telegraphic invitations . . . to a cocktail party honoring Connie Moore . . . who opens at the Chi Chi Monday evening . . . The party for Miss Moore will be held in the Corral Room at the Ranch Club . . .

Finally saw Dolly Marcuse's charming home on Via Las Palmas . . . and her green gem of a garden . . . which is sheer perfection . . . Dolly was entertaining her table group for the Beaux Arts Ball at cocktails . . . and when we dropped in on our

### Crowd Fills Tennis Club for Fifth Beaux Arts Ball

Enough sprinkles fell Thursday evening to warrant the cancellation of the out-door part of the Beaux Arts Ball, with the hand-painted sets safely in storage, and around 300 guests dancing and dining in the Tennis Club's Bougainvillea Room. Flags of many nations waved on the terrace and were used as decorations for the Ball.

The Grand March brought forth about 30 of the best costumes, with the judges naming the following winners: Eloise O'Donnell, spectacular in a golden mermaid gown with towering headdress, won the grand prize, and her escort Jana, as a gladiator, won the prize as best-dressed man; Helen and Terry Ray (she in a genuine treader costume and he in Mexican attire) were named best-dressed couple; June Schuster, as a chorus girl, was selected as best among the women; and Patricia and Cactus Slim Moorten in authentic Mexican Indian attire, received a special prize. Among other outstanding costumes was the Hungarian costume worn by Gitta Alpar and the Siamese one, worn by Mrs. John Stauffer.

Judges for the costumes were Zaddie Bunker, Axel Linus and Graham Dexter.

Costume prizes were: grand prize, portrait by Brownell McGrew; paintings by Earl Cordrey, Walter Tackett and William Darling, and a gift from Sam Stuart. Charles Irwin, wearing Scottish kilts and bonnet, acted as master of ceremonies, and his easy emceeing, his songs and jokes, welded the show into an entertaining evening. A memorable incident was when he called up his old friend Charles (Showboat) Winninger for a greeting and the pair wound up singing together. Winninger exploded in laughter saying he'd made a tenor out of the Scotsman (Irwin) and Irwin topped it with his retort "that's easier than getting a tenner out of a Scotsman."

The Guadalajara Boys from the Doll House were great favorites as they moved International Night to South of the Border.

Pianist Virginia Parker of Washington, D. C., who recently appeared on the Jimmy Durante Show, played the number she played on the broadcast, as well as exciting medley of songs from many countries.

Unusual and delightful was the dancing of Maxine Drucilla, who utilized fluorescent costume and wing-like veils with ultra-violet lighting for remarkable effects. The rainbow colors were enchanting as she did a butterfly dance, and she waved floating streamers of cloth to get an effect very like the old time serpentine dances.

Zaddie Bunker, wearing a lace gown and black lace mantilla, welcomed the guests on behalf of Oscar Stern, the president of the sponsoring organization the Desert Art Center. Stern was in the east and unable to be present.

Estelle Yerkes, second vice president of Desert Art Center, was general chairman for the Fifth Annual Beaux Arts Ball, assisted by Mary Anne Yerkes. William Tackett, first vice president, was in charge of tickets; Oscar Stern and Mrs. Frank Duncan, entertainment; Gaylord Richmond and Sterling Moak, programs; Axel Linus, posters; Edith Carlson, publicity; William Darling, decorations; Gladys Fallonsbee, costumes; Frances Goodrich, prizes.

# TODAY'S SPORT PARADE

By OSCAR FRALEY,  
United Press Sports Writer  
Reg. U.S. Pat. Off.

NEW YORK (AP)—Fearless Fraley's facts and figures:  
The University of Chicago would like to return to collegiate football competition if it could obtain an Ivy League schedule, according to sources close to the Maroon top echelon.

"Chicago simply can't — and won't — try to compete with the Big 10," explains a reliable informant. "But there's a lot of thought being directed toward Ivy League affiliations and it may pay off eventually with a return to 'sensible' football."

Mickey Mantle's young brother, Ray, almost quit baseball this spring. He hit only .220 for Twin Cities of the Cotton States League last season. Disgusted this spring, he had his bag packed to go home to Oklahoma and then, 10 minutes before train time, reconsidered. The Yankees are delighted because they figure, "He'll make the grade as a major league outfielder sooner or later."

FROM NOW ON, lady golf pro Kathy Cornelius wants to be paid off in cash. When she won the St. Petersburg Open she was given a check for \$900. On the way home, she came to a toll bridge — and discovered she didn't have a dime in her purse. Fortunately Betty Bush was riding with her and had cash on hand.

There has been much groaning that prize fighters of today ain't what they used to be and the reason now becomes obvious. They've got to start reading poetry. Gene Tunney did, and won the world heavyweight title. Now Lou Nova is to give a "spring poetry recital" at Carnegie Hall on May 8—and the gate ought to be good at \$4.80 a clobber.

The movie "The Harder They Fall" is a dead takeoff on the exploitation of Primo Carnerio. Only, in the picture, when the fighter winds up with \$49.07, the publicity man takes his own \$26,000 cut and gives it to the fighter to take home, which makes it fiction.

MAX BAER and Jersey Joe Walcott appear in this film, which has one great line. When old Jersey Joe is asked how old he is, the ancient one replies: "I'm fifty-three," proving he hasn't aged, a bit since he was world heavyweight champion.

Howard Capps, former pro golf tournament director, figures that ball players don't go hungry when they fail to hit and golfers shouldn't get shut out under like circumstances. So every player in the Las Vegas Tournament of Champions, April 26-29, automatically is guaranteed \$1,000 plus expenses. After all, somebody has to finish last.

The University of South Carolina is predicting a great baseball career for a sophomore outfielder who is hitting a fantastic .467. They figured all along he'd be a great defensive player.

After all, his name is Dave Ketchum!

## Landy Prepares for State Meets

MELBOURNE, Australia (AP)—John Landy, determined to become the first man to run a mile in less than four minutes in the United States, today prepared to ask the Australian AAU to allow him to fly to America more than a week before his scheduled May 5 race at Los Angeles.

Landy, the 3:58 world record holder who has cracked the four-minute barrier four times, began speeding up his plans as soon as the rubarb started by his acceptance of two U.S. invitations was settled. The fastest mile ever run in the U.S. is Wes Santee's 4:00.5 at the 1955 Texas Relays.

## Sugar Ray Back in Action Today

PATERSON, N. J. ## Rookie Gets Big Chance with Dodgers

By FRED DOWN  
United Press Sports Writer  
Don Drysdale, a 19-year-old rookie who watched the 1955 World Series on television, gets a once-in-a-lifetime chance to replace its hero, Johnny Podres, this weekend when the Brooklyn Dodgers and New York Yankees bring down the curtain on the Grapefruit League season.

The series, currently tied at two victories for each team, is being referred to as the "Interim World Series." It's a review of the 1955 series and most experts think also a preview of the 1956 classic.

But for Drysdale, a 6-foot-5, right hander from Van Nuys, Calif., the series represents the chance to complete an amazing jump from the status of raw rookie to front-line pitcher on the world champions.

MANAGER WALT ALSTON, beset by all sorts of pitching worries from Podres' draft call to Billy Loes' "tendonitis," called up Drysdale from the Montreal roster to the Dodgers' squad Friday and announced that he would start Sunday's game in Yankee Stadium.

The Dodgers were idle Friday but the Yankees walloped three homers to rout the Pittsburgh Pirates, 17-7.

The St. Louis Cardinals scored their 21st victory in 30 exhibition games when they beat the Chicago White Sox, 7-5.

THE CINCINNATI REDLEGS took advantage of eight walks to beat Indianapolis of the American Association, 6-1, with the big blow a homer by Ted Kluszewski.

Ted Williams, Jackie Jensen, Milt Bolling and pitcher Bob Porterfield all homered off Robin Roberts to lead the Boston Red Sox to a 9-3 rout of the Philadelphia Phillies.

Art Houtteman and Sal Maglie scattered eight hits in pitching the Cleveland Indians to a 3-2 win over the Milwaukee Braves.

## Bruins Expect 54 for Spring Grind

LOS ANGELES (AP)—UCLA opens Spring football practice Monday with 54 candidates, including 18 lettermen, scheduled to start the 29-day grind.

Coach Red Sanders, who has directed the Bruins to three straight Pacific Coast Conference championships, said UCLA lost 10 of 11 Rose Bowl starters.

## High Jump Star Training Here for Olympic Try-Outs

Ernie Shelton, Intercollegiate high jump champion trying for a place on the U.S. Olympic team, is doing most of his training for try-outs scheduled for June 29 in the Los Angeles Coliseum.

Shelton, who holds the collegiate record at 6 feet, 11 1/4 inches, makes his local headquarters with his friend, Eddie Davidson at the Casitas del Monte.

He has just completed competition in six indoor meets in New York, Boston, Philadelphia, Milwaukee, Chicago and Cleveland.

He left the Village this week for Dallas and the Texas Relays. Shelton is a student at University of Southern California but is not competing for Troy this Spring as his eligibility has run out. He is now wearing the colors of the Los Angeles Athletic Club.

Shelton parks his standards at the Casitas del Monte and has rigged up a high jump runway and pit for his training. He says this is a great spot for training.

"Mostly warm and sunny," he commented.

## Snead 5 Ahead at Greensboro

GREENSBORO, N. C. (AP)—The midas of Dixie golf, Sam Snead, teed off today in the third round of the Greater Greensboro Open with a swaggering five-stroke lead.

For the locker room also rans and the gallery it was the same old story. Everything the White Sulphur Springs, W. Va., slammer touches here turns to gold.

And the touring pros just point to the results to prove it.

Big Sam scrambled on the first six holes Friday to end up with a two under par 69, three strokes worse than his opening day round of 66. But the sweet-swinging Snead picked up a four stroke lead as the others faltered.

The only man to stay within a club's reach of Snead was Doug Ford, Mahopac, N. Y., who carved out a second straight 70 for a 140 total, five big strokes behind.

## U.S. Net Stars in Naples Semies

## Local Teams Qualify Many in Final Meet

Pellum Is Double Winner in Sprints; Prieto Sets Mark

By JOHN SIMON

Although the Coachella Arabs outscored the Indian track squad 76 1/2-54 1/2 in the Eastern RCL Varsity finals, Coach Clare Ballagh's local spikemen did better than they expected.

Mickey Pellum finished first in the 100 and 220 with respective times of 10.4 and 23.0 on a wet track. Pellum also placed third in the high jump.

EUGENE PRIETO raced to a new school record in the 880 to finish first in the time of 2:05.5. In another distance race, Indian miler Ken Chapin, placed first in the mile in the disappointing time of 5:07. This could be attributed to the slippery footing.

O. B. Crawford finished in a three-way tie for first in the high jump and Larry Paul took the pole vault with a 10' 6" effort.

MARK SIROTT broke his recently established school shot-put mark by 2 feet and finished second. B shot-putter Charlie Brown finished second in that event, and Freshman Joe Lewis showed great promise, tossing the 8 lb. shot 50 feet to take first in the C event.

All those who placed will journey to Perris next week for the RCL finals.

The final meet score was Coachella 76 1/2, Palm Springs 54 1/2, Beaumont 36, and Banning 10.

## It's Too Late for that Million Dollar Parlay—It Won't Happen Again Soon

By HAL WOOD

United Press Sports Writer  
SAN BRUNO, AP—If anyone is considering starting a parlay to win a million dollars on the horses trained by Noble Threewit—don't!

Threewit, who has been handling thoroughbreds for 23 years, has just completed a stretch where he saddled nine straight winners — and some experts in pari-mutuel play figured that a two dollar bet on the first winner last week and parlayed through the nine wins would have brought a theoretical \$15 million return.

"But nobody should expect my horses to do it again," says Threewit. "It was wonderful to win nine in a row—but it's very hard on the nerves. I couldn't sit down I was so jittery after the eighth straight winner."

IT IS BELIEVED that nine straight wins is an all-time record on major tracks of the United States.

"I would like to have made it 10 in a row. That would have been something to shoot at," said the soft-spoken man from Benton, Ill. "Just think, I had to wait until the fans bet my horse down to an 8-5 choice to lose—and then I was betrayed by a horse named after me—Noble Choice."

"But shucks, I'm happy. I can recall a few times when I've sent 20 horses in a row to the post without getting home a winner."

Threewit, who started in this business as a jockey, said he used no special formula during his victory streak that made headlines across the country.

"I JUST ENTERED the horses from my public stable where I thought they would have the best chance, same as I always do," he said. "I haven't changed my training methods at all. The horses get the same food, are trained the same and handled as always."

"The win streak was just a matter of racing luck."

Threewit, of Irish-English par-

ents, has been a major winner on tracks for many years.

"Several seasons my horses have won more than \$500,000," he says. "My biggest victories were with Correlation the year he won the \$100,000 Florida Derby, the \$100,000 Wood Memorial, the Preakness Prep and finished second in the Preakness," he says.

The biggest win streak he ever had before was at Santa Anita last winter when he saddled three winners in one day.

## Weather Cancels All PCL Games

By UNITED PRESS

The Pacific Coast League today turned superstitious and endorsed the old jinx of Friday the 13th.

The loop had been plagued by rainouts all during the usually profitable first week and hoped for more action on the diamond and in the cash register on Friday night, but all that turned up was rain.

All four games, scheduled to give variety to a free evening crowd, met the same fate—postponed, wet grounds.

Today, Vancouver was slated at Los Angeles, Seattle at Sacramento, Hollywood at San Diego and Portland at San Francisco.

The league has now played only ten games and has six make-up contests on the slate, some of which will undoubtedly come late in the season when flags and athletes are dragging.

**HOLLYWOOD**—The expression at the confluence of the Nile and Congo rivers in Africa may very well be, "It's a basenji's life." That is, if people there have a phrase equal to "It's a dog's life."

Interest in the basenji is going to spurt sharply with release of "Good-Bye, My Lady," a Batjac production for Warners. The basenji is one of the darndest dogs ever.

For one thing, it can't bark, but it can cry—and there aren't even any local theatrical hounds that can do that.

Audiences will become friends with the basenji right away when they discover that, in addition to shedding real tears, the dog also can yodel and chuckle. He will appear on screens as a small, chestnut-brown dog with a curly tail, white feet and a blaze on his chest.

Warner researchers had a field day with basenji-ology. The breed has remained as it was in Stone Age days, according to guesses based on available information. The basenji is illustrated in Egyptian history and apparently was transported down the Nile by people in Central Africa as a token of good will.

The basenji, which stands 16 to 17 inches high and weighs about 24 pounds at maturity, became the lapdog of pharaohs. His earlier immortalization in stone dates from about 4,000 B.C., and he probably served as a model for the Egyptians' dog-headed deity, Anubis.

**"Cactus Charlie Says"**  
"LAND IS GETTING harder to buy than to sell in the Palm Springs area." That's right. It's about gone — good acreage. Fortunes have been made the last 10 years here. It's just begun. Banks say the population of Palm Springs area will double the next 5 years. California population is predicted at 25,000,000 by 1975 (U.S. World News Report). Where will they go to get out of smog, fog and traffic? Land along Hiway 111 is sold out, improved or in strong, shrewd investor hands prices \$1500 to \$3000 acre. Check for yourself. All that's left is wind belt sand accessible by jeep — all the way to Indian Wells, the limit of recreation area. The only good land left is Thousand Palms cove, last to come in. Now shrewd land speculators have grabbed most of that up.

17 years ago I bought big acreage in this wind sheltered cove when no one wanted it. Now it's got every city utility, public utility, water, Southern California natural gas, cheaper electricity, phone, only 12 minutes by direct paved road to Palm Springs, right off Freeway 99, most gorgeous view sites in Valley. It's all that's left at low cost with a buyer profit left in it, right in the path of progress — fast growing Palm Springs. Compare it with everything! You can't find its equal in recreation property. A few years ago I owned Smoke Tree Ranch, sold 1 acre lots for \$1950 and now they are \$16,500 acre! Right next to Smoke Tree a prominent broker bought 80 acres, took out \$210,000 and holds 30 acres still. It will happen again down here in the next 5-10 years. Due to age and dangers of inheritance tax appraisals I am selling 400 of my 600 acres at half the real value, at prices which leaves the buyer a run for his money. I am holding 200 for my own children, a good land investment. Read these unusual offerings:

110 ACRES with Ramon frontage, all utilities, water ... \$750 acre  
150 ACRES, water, utilities, all view sites ... \$600 acre  
145 ACRES, water, utilities, exceptional views ... \$600 acre  
5 ACRES, road, water, utilities ... \$5500  
20% down and 10 years to pay balance.

Drive out Ramon Road, cross Freeway 99 and 3 miles up Ramon to the end. See the only development on the desert, for little Retirement or Holiday Homes, going up at \$3975 to \$4475, cement block, 600 square feet. Big lots with trees, utilities and only \$7 month. Good TV.

## Navy's Warships in Mediterranean Boosted to 20

NEWPORT, R.I., (AP)—The Navy is adding four more destroyers to the Sixth Fleet in the troubled waters of the Mediterranean.

The destroyers—identified as the McNair, McGowan, Lewis Hancock and the Sullivans—leave Newport, R.I., naval base early tomorrow.

The four destroyers are described as being of the 2,100-ton Fletcher class, capable of doing 34 knots.

The addition of the four destroyers—Destroyer Division 202, under the command of Cmdr. Hugh W. Howard of Olympia, Wash.—brings to 20 the number of U.S. destroyers in the area.

## Farm Bill Veto May Call Special Congress Session

By UNITED PRESS  
House Republican Leader Joseph W. Martin Jr. said today a statement on the farm bill may result in a special session of Congress next fall.

President Eisenhower is expected to veto the Democratic-backed farm bill next week.

Martin, who predicted the veto earlier, said if he were President he wouldn't let Congress go home without giving farmers "something to look forward to" in the form of permanent aid.

"If Congress adjourned before passing such legislation I would call it back to finish the job after the conventions," he said.

THE DEMOCRATIC-backed bill calls for restoration of high ridge supports and other features highly objectionable to the administration.

Administration sources hinted the President may be planning to sweeten his veto of the bill by simultaneously announcing a moderate increase in price supports under the present flexible support program.

Other congressional news:

LABOR: Chairman Graham A. Barden of the House Labor Committee said he will call his first committee meeting of the year soon.

Both Democrats and Republicans have attacked Barden for not holding committee meetings.

IMMIGRATION: Atty. Gen. Herbert Brownell Jr. urged Congress to permit more immigrants to enter the United States.

Brownell told the Senate Immigration Subcommittee the administration favors a limited annual increase of 64,804. Present annual immigration is 154,657.

## Riverside Firm Low on Tahuitz Bridge Widening

The E. L. Yeager Company of Riverside was low with \$136,476 for the widening of State Highway 111 (South Palm Canyon Drive) in Palm Springs, it was announced today by Clyde V. Kane, district engineer of the State Division of Highways in San Bernardino.

This 1.3 mile job includes the widening of Tahuitz Creek Bridge and is between Indian Trail Road and Ramon Road.

Kane stated the Tahuitz Creek Bridge will have a clear roadway width of 32 feet with five-foot sidewalks, in addition, on each side. The State highway will be widened to 64 feet. This will provide four 12-foot driving lanes. In addition, there will be six-foot paved shoulders on each side. The opposite lanes of travel will be separated by a double striped median. Concrete curbs and gutters will also be constructed.

## Morocco Area Rebels Over Independence

MADRID, Spain (AP)—Several natives were killed in disturbances in Ifni, Morocco, following the granting of independence to Spanish Morocco, it was reported today.

Ifni is a small Spanish possession surrounded by French Morocco. It did not win independence in the recent Spanish-Moroccan talks.

A spokesman for the Spanish department of Morocco and colonies disclosed the killings but said the situation in Ifni now is normal.

The spokesman said the natives did not understand that Ifni was a Spanish sovereign area, unlike the rest of Morocco which had the status of a protectorate.

He said the trouble started when they finally realized that the independence given to Morocco did not extend to Ifni.

Ifni is a poor area fringing on the Sahara. It has been in Spanish hands since 1499.

## Montrose Pilot Killed in Crash

PALMDALE (AP)—A Montrose pilot was killed Friday and a Glendale man was injured when a light plane crashed 18 miles west of here in Leona Valley.

The pilot was identified as Gene Burton Steele, of 2235 1/2 Florentia St., Palmdale. Richard George Bolt, of 327 N. Kenwood Ave., Glendale, a passenger in the plane, was reported recovering at Antelope Valley Hospital.

## Writer, Victim of Acid Thrower, May Lose Sight

NEW YORK (AP)—"Serious complications" have developed in the condition of labor columnist Victor Riesel, threatened with possible blindness by an acid-throwing thug's attack, doctors attending the columnist reported last night.

Police still are searching for the assailant who threw a vial of concentrated sulphuric acid in Riesel's face last week. The reward for the attacker has reached almost \$45,000, the New York Daily Mirror said today.

The doctors said "Riesel suffered severe burns of the eyeballs and the inside of the lids and . . . there was evidence of deep penetration of the acid."

FIVE MINUTES BEFORE this car and another met head-on near Araby Point early this morning, passenger Mrs. Bertha Balderrama placed the youngest of her three children in the back seat to sleep with the others, probably saving its life. The children, 2, 3, and 4, were uninjured. Driver was Rafal Balderrama, 24, father, now in a state of semi-shock, condition fair, at Desert Hospital. He suffered two major fractures, Mrs. Balderrama, minor injuries. She is in good condition. (Desert Sun photo. See photo Page 1)

## River Pre-Trial Hearing Success

SAN FRANCISCO (AP)—The pre-trial hearing to resolve issues in the California-Arizona dispute over Colorado River water rights was adjourned here yesterday with a feeling of accomplishment, although no agreement was reached on just what most of the major issues were.

Special Master Simon H. Rifkind, who presided over the hearing, said the 50-odd attorneys involved had achieved as much as possible in such a complex suit. And there was a general feeling that the week-long conference had done much in laying the groundwork for the trial itself.

California counsel Northcutt Ely called the results "a phenomenal rate of accomplishment," while Arizona counsel John T. Frank pointed out that Rifkind made some 30 to 100 separate decisions during the hearing.

## Wants Pigeon Shooting at Kelly Fete Called Off

AMSTERDAM (AP)—The world's animal protectors today asked Prince Rainier to halt the pigeon shooting which is on the program of wedding festivities in Monte Carlo next week.

Pigeon shooting is a traditional event in the tiny principality. Hundreds of pigeons, whose flying ability is expressly reduced, are shot in each event.

The president of the world federation for the protection of animals, Dutch lawyer W. Hugenholtz, cabled the Prince today asking him to stop this "cruel sport."

## Lincoln Slaying Witness Dead

BALTIMORE, Md. (AP)—The last known surviving witness of the assassination of President Lincoln is dead.

Samuel J. Seymour was five years old exactly 91 years ago today when he sat in the balcony at Ford's Theater in Washington and saw John Wilkes Booth enter the President's box and shoot Lincoln.

Seymour died Thursday at the home of his daughter, Mrs. Irene Hendley, in Arlington, Va. He was 96.

## Chula Vista Hit by Twister

CHULA VISTA, Calif. (AP)—Residents of this community, famous for its mild weather, today were talking about a freak, twisting wind which ripped roofing material from 60 homes and dropped live fish in the streets.

Two persons received minor cuts from flying glass as the twister roared in off San Diego Bay toppling television antennas and breaking windows.

Fish sucked up from the bay by the wind were found in streets a mile from the bay.

## British TV Star, on Trip, Missing

LONDON (AP)—Curvy Corinne Grey, one of Britain's most prominent television personalities, was reported missing today.

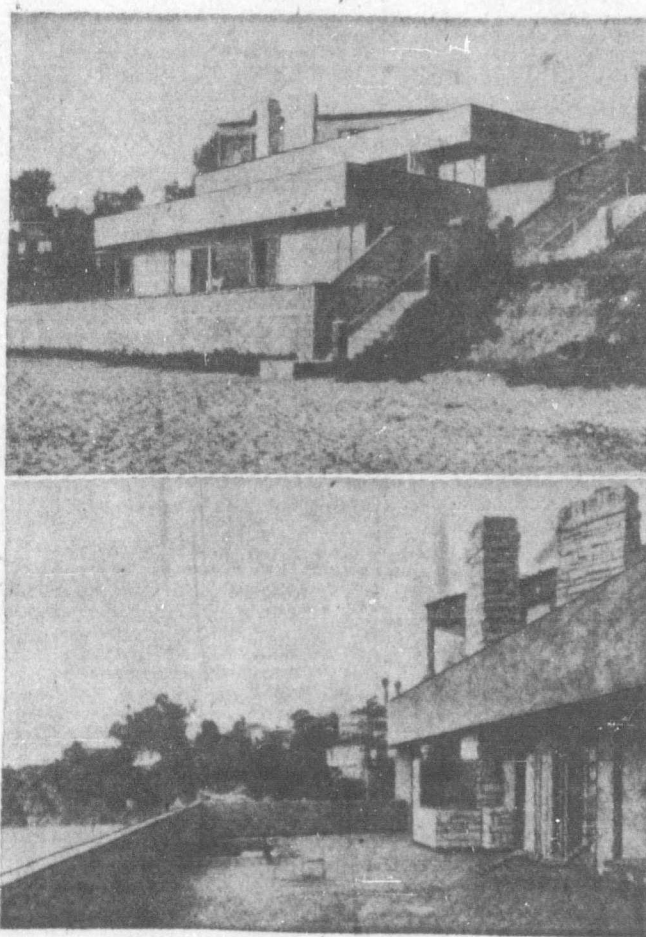

Scotland Yard said it had been asked to search for the 22-year-old actress.

Miss Grey's manager, Chris Barnett, said she was to have judged a beauty contest in Oldham last night but never arrived. She lives here in London with her mother but there was no one in the apartment today.

## Knight Signs \$1,779,000,000 State Budget

SACRAMENTO (AP)—Gov. Goodwin J. Knight, with only slight misgivings, signed a record-breaking \$1,779 million state budget into law exactly as it was presented to him by the Legislature.

Although the Legislature boosted the budget \$43 million over what he asked, Knight inked his signature to the bulky document Friday without either trimming or deleting any of its thousands of items.

HE SAID THAT despite the increase he believed it could be balanced without new or higher taxes.

The new budget for the fiscal year starting July 1, exceeds state spending for the current year by \$172 million.

Knight's only voiced objection was that the Legislature added to his beach and park program new items "not adequately studied by the State Park Commission."

MAJOR BUDGET items provide \$35.5 million for a five-year beach and park acquisition program \$9.3 million for the state's giant Feather River water supply project, \$17 million for a pay hike for state employees, funds to put more highway patrolmen on the roads and to increase the mental hygiene program.

The largest single share of the budget goes to support schools. Education gets 39 per cent of the budget dollar. Highways and vehicle registration gets 24.1 per cent, social welfare and health, 11.1 per cent, mental hygiene and corrections 8.7 per cent, and conservation and natural resources, 5.8 per cent.
